India

摘要

As the Business Data Migration expert - Commercial, you will perform business related tasks of data migration activities on the assigned data objects in Sales management area (order to cash data, pricing, contracts), in line with global/deployment/country requirements and timelines. You will be part of deployment (above-country) data migration team, work closely with functional points of contact for data migration, business users from countries and IT counterparts.

About the Role

Business Data Migration Expert - Commercial (Contracts, Pricing)

About the Role:

As the Business Data Migration expert - Commercial, you will perform business related tasks of data

migration activities on the assigned data objects in Sales management area (order to cash data, pricing, contracts), in line with global/deployment/country requirements and timelines. You will be part of deployment (above-country) data migration team, work closely with functional points of contact for data migration, business users from countries and IT counterparts.

Key Responsibilities:

- Ensure Commercial data cleansing tasks are completed on time (contracts, pricing)
- Complete data collection for manual/construction objects on time
- Work together with IT counterparts to prepare value mappings
- Create and maintain master lists if applicable for assigned objects
- Provide business insights and information to technical teams for extraction and conversion from the legacy system(s) for assigned data objects
- Ensure Commercial data readiness & verify quality throughout data journey for assigned data objects
- Verify that data is fit for purpose (incl. alignment with internal/external stakeholders)
- Perform manual (type-in) data loads into target clients where applicable for assigned objects
- Execution and approval of data verification

Essential Requirements:

- Understand business processes in Commercial area (sales, pricing, contracts)
- Experience with using ERP system in Commercial area
- Good communication and negotiation skills, stakeholder management
- 5+ years in country & global roles
- Fluent English (additional languages preferred)
- Strategic and hands on way of working (running meetings, tracking progress, managing issues)
- Strong Excel Skills
- ERP project implementation experience preferred
- Data Migration experience preferred

Desirable Requirements:

- Degree in Information Technology, Life Sciences, Pharmacy, Engineering or equivalent.
