Job ID
REQ-10043894

3月 14, 2025

Slovenia

摘要

Regional Customs and Trade Compliance Manager: Ensure Europe (EEA including Turkey and Russia) Novartis Technical Operation (NTO) businesses comply with Customs and Trade laws and regulations by supporting issuance, implementation and management of Standards and Policies covering commercial and non-commercial materials. Support and perform risk review assessments, provide guidance and drive timely closure of recognized gaps arising from internal, external as well as Customs & Trade Compliance (CTC) controls. Work closely with CTC Country Managers as well as local CTC community in the region of responsibility. Support Global CTC function on a variety of projects and in identifying and implementing of cost savings opportunities while ensuring compliance customs legislation, guidance and local requirements.

Join us and become our next talent.

About the Role

Key Responsibilities:

- Develop, deploy, and govern the regional end-to-end trade compliance process, in alignment with business priorities and in compliance with regional, and local laws and regulations as well as NTO global customs and trade business guideline.
- Drive regional standardization and harmonization in processes, metrics, tools, and practice, balancing efficiency, effectiveness, and compliance to minimize risk to the organization.
- Support on audit/assessment issues and provide direction to local CTC Teams.

Working knowledge of international trade principles in Europe region (EEA including Turkey and Russia) with in-depth knowledge of the EU customs law.

- Good understanding of embargoes and sanctions currently in place including potential match assessment, release or escalation covering EU, CH, UK and US restrictions.
- Conduct risk assessment process, performing the assessment, provision of the recommended actions and follow up on gaps ' closure (Identify potential areas of compliance vulnerability and risk, along with advising corrective action).
- Analyze, monitor, and communicate critical changes in customs and trade legislation, global trade operations, new or revised trade agreements, export controls and other programs that impact the business.
- Active participation in the development of strategies on regional supply chain initiatives to ensure proper/advantageous structuring of effective and compliant regional transactions.

Essential Requirements:

- Bachelor level education (Degree) or commercial certification, Broker License Certification whenever necessary.
- Minimum of 4 years of experience in a customs and international trade function. Knowledge gained in pharma, chemical or other similar industry would be an advantage.
- Local country language, English - fluent written and spoken.
- Knowledge of import and export principles is required at good working level, including customs valuation, classification of Tariff Number, export control classification, country of origin and preferential determination process, embargoes and sanctions, denied party screening process, strong understanding of Customs Regulations within the region of coverage.
- Customs classification knowledge at working level is preferred. Pharmaceutical, chemical or food industry past experience is de-sired.
- Independently keeps up to date with changes in customs regulations.
- Experience with SAP is desired, previous GTS usage is an advantage.

We offer permanent employment, with 6 months of probation period. Submit your application with the CV in Slovenian and English language.

You ' ll receive for Slovenia:

Competitive salary, Annual bonus, Flexible working schedule, tailored to your needs, possibility to work from home, Pension scheme, Employee Recognition Scheme, Expanded program for the promotion of health in the field of physical, mental and social well-being (Wellbeing), employment at

Top SI Employer, Unlimited learning and development opportunities.
